

SHIELD SOURCE INCORPORATED MODEL ESLA SELF-LUMINOUS EXIT SIGN

Non-electric, maintenance free! Free energy for 10, 12, 15 or 20 years.

Shield Source self-luminous exit signs are the most reliable exit signs offered today. They require no external energy source, no electrical wiring or batteries and are always ready to provide effective and efficient maintenance free exit marking systems. Your first cost is your last cost! Rugged PVC and aluminum housing is practically indestructible. The anodized aluminum housing assures a handsome appearance for the life of the sign and offers unusual strength to the entire unit. The satin finish will not rust or discolor. Slim profile design compliments any interior. The unique construction combines impact resistance, non-glare faceplates and sealed construction, making it the most durable and attractive sign you can buy. Model ESLA is also suitable for use in floor proximity applications.
