

SHIELD SOURCE INCORPORATED LTE MODEL SELF-LUMINOUS EGRESS SIGN

Non-electric, maintenance free! Free energy for 10, 12, 15 or 20 years.

Shield Source self-luminous egress signs are the most reliable signs offered today. The LTE model is designed to present the most unobtrusive presence of the physical unit while maintaining the visibility requirements of the NFPA, UL and other codes and standards. They require no external energy source, no electrical wiring or batteries and are always ready to provide effective and efficient maintenance free marking systems. Your first cost is your last cost! The slim profile (14 1/8 x 8 3/8 x 1 1/8") coupled with soft corners, and the concealed mounting system allows for a most pleasant appearance that compliments any décor. The impact resistant ABS plastic frame mounted to the light source housing offers a unit that is entirely sealed at the factory discouraging vandalism. Universal mounting hardware is standard and is packaged with each unit.

STANDARD FEATURES

- No electricity, no batteries.
- Explosion Proof, weatherproof.
- No maintenance!
- Easy to install. No Wires!
- Lights guaranteed for up to 20 years.
