

# SHIELD SOURCE INCORPORATED

## MODEL PEM PHOTO-LUMINESCENT EXIT SIGN

### Non-electric, maintenance free! 25 + Year Life!

Shield Source photo-luminescent exit signs are a very inexpensive way to provide exit markers. The PEM uses state-of-the-art luminescent material, which stores energy emitted by electric lighting. The sign glows a yellow green in low or no ambient light conditions. Heavy duty extruded aluminum housing with PVC face plate is vandal resistant and wheelchair friendly. Listed by Underwriters Laboratories to the NEW UL 924 standard for above door and low-level applications for 90 minute duration. Self-adhesive chevrons are available for universal field installation. Overall size of the sign is 15.05 x 8.78 x 0.43" for one of the slimmest signs on the market.
